APCO “Teammates in Action”

Teammates in Action

To view those who have been recognized or nominate someone: [Teammates In Action](#)

In our profession, we often see examples of dedicated professionals going above and beyond the call of duty and the ProCHRT committee wants to recognize these teammates on a national level. This program allows anyone to nominate a teammate and tell us about how they went into action. Overlooked far too often are the heroic actions taken daily by telecommunicators. This program hopes to bring these to light and give everyone a chance to recognize these daily actions.

Get Telecommunicators the Recognition They Deserve

<https://www.apcointl.org/government-relations/take-action/>

Ask Your U.S. Senators & Representative to Support the 9-1-1 SAVES Act

The 9-1-1 SAVES Act – Recognizing the Lifesaving Work of Public Safety Telecommunicators

For several years, APCO has sought to correct the federal classification of 9-1-1 professionals by reclassifying them as Protective Service Occupations as opposed to administrative/clerical occupations. Now, momentum is building in Congress for a simple legislative fix. APCO is seeking the assistance of its members and others. We’re asking you to TAKE ACTION - **Ask your U.S. Senators and Representative to Support the 9-1-1 SAVES Act**

Partnering with APCO has its benefits.

APCO International's Corporate Partner Program increases corporate visibility and provides networking opportunities for companies in the public safety industry.

Through the program, companies are given exclusive benefits and recognition that are commensurate with their annual level of participation.

The Corporate Partner levels are Bronze, Silver, Gold and Platinum and can be tailored to fit budgets and specific marketing goals.

To qualify, partners must commit to participate in three or more association projects and/or activities.

2019 National Public Telecommunicator Week

Every year during the second week of April, the telecommunications personnel in the public safety community are honored. This week-long event, [initially set up in 1981 by Patricia Anderson of the Contra Costa County Sheriff's Office in California](#), is a time to celebrate and thank those who dedicate their lives to serving the public. It is a week that should be set aside so everyone can be made aware of their hard work and dedication. What will your center do in 2019 to celebrate and honor yourselves, co-workers, management and employees? Check out ideas from past years and start planning for 2019 now! <https://www.npstw.org/>

APCO Historical Committee

Can History Be Exciting?

In most of our casual conversations, a reoccurring phrase can be heard, “remember when....”. Generally, this phrase is followed by a story, a recollection of an event, or a time and place of significance at the moment. Often when an object brings back a memory there can be a remembrance of “the good old days” which we remember fondly but do not want to live through again. Our society likes to remember and this can be affirmed by the numerous museums we have throughout the country. Just visit Washington D.C. and you can easily fill a week with a variety of museum visits. Museums of American history filled with physical objects and printed articles marking places in time and events to remember.

The APCO Historical Committee invites you to join them in celebrating history. The APCO Virtual Museum is accepting submissions. This is exciting for all APCO membership. Each chapter within the APCO organization should have a Chapter Historian. The Chapter historian is tasked with keeping record of the organizational meetings, the charter issued by the organization, records of conferences hosted and memorabilia of special occasions including photographs of the event. What to do with it all can be the big question.

The solution to this question is part of the exciting news of the ability to now submit items to the Virtual Museum. Soon you will see more information forthcoming regarding how to submit to the Virtual Museum and how to search within the Virtual Museum. The submission form will be refreshed and pushed out for all to use.

APCO is committed to preserving history, through the Virtual Museum and by supporting the APCO Archive located at Bradley. With this commitment we can reflect on past developments and events, consider how they have shaped the future, and look forward to the continuation of documentation of important information for the APCO organization. What can we add from your chapter to enhance our collection for all to enjoy?

From the Member and Chapter Services Committee

Dear APCO Officers and Members,

The Member and Chapter Services Committee (MCSC) supports the membership at the chapter level by building relationships with chapter leaders. Each MCSC member is assigned to represent Chapters and throughout the year they maintain information flow with the chapter leaders. We are here to keep APCO members informed of association policies, governance guidelines, and other APCO programs. Just as important, we push issues from the local level to the APCO leadership level. We work for the people and strive to make sure you receive all that you can from your APCO membership.

MCSC members work diligently to get program questions or information out to the local chapters, gather the needed feedback, and get answers back to the APCO organization. We share information about programs, training, and initiatives supported by APCO International as well as upcoming events through the monthly MCSC e-Newsletter.

MCSC works to build relationships among chapter leaders through training classes and webinars hosted during the year. We also assist the APCO organization staff to provide chapter leader training and workshops at the annual conference. But, we need your help to make these things happen. You can assist us by:

- Keeping your Chapter officer list up-to-date with APCO headquarters.
- Submitting information about upcoming events or programs in your Chapter for the e-Newsletter.
- Keeping the contact information of your MCSC representative handy so if you have questions or need anything you can call on us to help.
- Participating in chapter officer calls, webinars, and training so that you are up-to-date with the current information.
- Letting your MCSC representative know who to contact in order to get information about your chapter if the President of your Chapter is not the primary contact person.
- Looking for the monthly e-Newsletter and providing us with feedback through your chapter.

We are very fortunate to have members on the MCSC who support APCO and are willing to volunteer their time to make sure that APCO can meet its vision to strengthen our communities by empowering and educating public safety communications professionals. As a committee, we look forward to continuing to work with you!

Sincerely,

Member and Chapter Services Committee
